Box	No. 1	Basis of the report
1.	With	regard to the language, this report is based on:
	図	the international application in the language in which it was filed
		a translation of the international application into, which is the language of a
		translation furnished for the purposes of:
		international search (Rules 12.3(a) and 23.1(b))
		□publication of the international application (Rule 12.4(a))
		☐international preliminary examination (Rules 55.2(a) and/or 55.3(a))
2.		regard to the elements of the international application, this report is based on (replacement sheets which have been furnished
		e receiving Office in response to an invitation under Article 14 are referred to in this report as "originally filed" and are not
	anne	xed to this report):
	\boxtimes	the international application as originally filed/furnished
	\Box	the description:
		pages as originally filed/furnished
		pages * received by this Authority on
		pages * received by this Authority on
	_	the claims:
	Ш	the claims: pages as originally filed/furnished
		pages as originarly fried/firmished pages * as amended (together with any statement)under Article 19
		received by this Authority on
		pages * received by this Authority on
		F-0-
		the drawings:
		pages as originally filed/furnished
		pages received by this Authority on
		pages * received by this Authority on
		a sequence listing and/or any related table(s) - see Supplemental Box Relating to Sequence Listing.
3.		The amendments have resulted in the cancellation of:
		the description, pages
		the claims, Nos.
		the claims, Nos. the drawings, sheets/figs
		the sequence listing (specify):
		any table(s) related to sequence listing (specify):
4.		This report has been established as if (some of) the amendments annexed to this report and listed below had not been made,
		since they have been considered to go beyond the disclosure as filed, as indicated in the Supplemental Box (Rule 70.2(c)).
į		the description, pages
		the claims, Nos.
		the drawings, sheets/figs
		the sequence listing (specify):
		any table(s) related to sequence listing (specify):
	* <i>Ij</i>	item 4 applies, some or all of those sheets may be marked "superseded."

International application No. PCT/CN2004/001188

This questions whether the claimed invention appears to be novel, to involve an inventive step (to be non obvious), or to be industrially applicable have not been examined in respect of: the entire international application, or the said claims Nos. 10 because: the said international application, or the said claims Nos. 10 relate to the following subject matter which does not require an international preliminary examination (specify): The invention set forth in Claim 10 relates to a method for treatment of the human body by therapy. the description, claims or drawings (indicate particular elements below) or said claims Nos. are so unclear that no meaningful opinion could be formed (specify): the claims, or said claims Nos. by the description that no meaningful opinion could be formed. the claims, or said claims Nos. are so inadequately supported by the description that no meaningful opinion could be formed. are so inadequately supported by the description and such listing was not available to the International Preliminary Examining Authority in a form and manner acceptable to it. furnish a sequence listing in electronic form complying with the standard provided for in Annex C of the Administrative Instructions, and such listing was not available to the International Preliminary Examining Authority in a form and manner acceptable to it. furnish a sequence listing in electronic form complying with the standard provided for in Annex C of the Administrative Instructions, and such listing was not available to the International Preliminary Examining Authority in a form and manner acceptable to it. are so inadequated to the furnishing fee for the furnishing of a sequence listing in response to an invitation under Rules 13er1(a) or (0) and 13er2. are ameningful opinion could not be formed without the tables related to the sequence listings; the applicant did not, within the prescribed time limit, furnish such tables in electronic form complying with the technical requirements provided for in Annex C-bis	Box No	o. III Non-establishment of opinion with regard to novelty, inventive step and industrial applicability		
because: the said international application, or the said claims Nos. 10. relate to the following subject matter which does not require an international preliminary examination(specify): The invention set forth in Claim 10 relates to a method for treatment of the human body by therapy. the description, claims or drawings (indicate particular elements below) or said claims Nos. are so unclear that no meaningful opinion could be formed (specify): the claims, or said claims Nos. are so unclear that no meaningful opinion could be formed. the claims, or said claims Nos. are so inadequately supported by the description that no meaningful opinion could be formed. a meaningful opinion could not be formed without the sequence listing; the applicant did not, within the prescribed time limit: [furnish a sequence listing on paper complying with the standard provided for in Annex C of the Administrative Instructions, and such listing was not available to the International Preliminary Examining Authority in a form and manner acceptable to it. [Instructions, and such listing was not available to the International Preliminary Examining Authority in a form and manner acceptable to it. [Instructions, and such listing was not available to the International Preliminary Examining Authority in a form and manner acceptable to it. [Instructions, and such listing was not available to the International Preliminary Examining Authority in a form and manner acceptable to it. [Instructions, and such listing was not available to the International Preliminary Examining Authority in a form and manner acceptable to it. [Instructions, and such listing was not available to the International Preliminary Examining Authority in a form and manner acceptable to it. [Instructions, and such tables in electronic form complying with the technical requirements provided for in Annex C-bit of the Administrative Instructions, and such tables were not available to the International Preliminary Examining Authority in a form and manner acceptable to it.	This questions whether the claimed invention appears to be novel, to involve an inventive step (to be non obvious), or to be industrially applicable have not been examined in respect of:			
because: In the said international application, or the said claims Nos		the entire international application		
the said international application, or the said claims Nos	\boxtimes	claims Nos10		
the said international application, or the said claims Nos				
relate to the following subject matter which does not require an international preliminary examination (specify): The invention set forth in Claim 10 relates to a method for treatment of the human body by therapy. the description, claims or drawings (Indicate particular elements below) or said claims Nos. are so unclear that no meaningful opinion could be formed (specify): the claims, or said claims Nos. by the description that no meaningful opinion could be formed. are so inadequately supported by the description that no meaningful opinion could be formed. no international search report has been established for said claims Nos. a meaningful opinion could not be formed without the sequence listing; the applicant did not, within the prescribed time limit: flumish a sequence listing on paper complying with the standard provided for in Annex C of the Administrative Instructions, and such listing was not available to the International Preliminary Examining Authority in a form and manner acceptable to it. pay the required late furnishing fee for the furnishing of a sequence listing; the applicant did not, within the prescribed time limit in the prescribed time limit, furnish such tables in electronic form complying with the technical requirements provided for in Annex C-bis of the Administrative Instructions, and such listing was not available to the sequence listings; the applicant did not, within the prescribed time limit, furnish such tables in electronic form complying with the technical requirements provided for in Annex C-bis of the Administrative Instructions, and such tables were not available to the International Preliminary Examining Authority in a form and manner acceptable to it. the tables related to the nucleotide and/or amino acid sequence listing, if in electronic form only, do not comply with the technical requirements provided for in Annex C-bis of the Administrative Instructions.	beca	nuse:		
The invention set forth in Claim 10 relates to a method for treatment of the human body by therapy. the description, claims or drawings (indicate particular elements below) or said claims Nos. are so unclear that no meaningful opinion could be formed (specify): the claims, or said claims Nos.				
the claims, or said claims Nos. are so inadequately supported by the description that no meaningful opinion could be formed. no international search report has been established for said claims Nos. a meaningful opinion could not be formed without the sequence listing; the applicant did not, within the prescribed time limit: furnish a sequence listing on paper complying with the standard provided for in Annex C of the Administrative Instructions, and such listing was not available to the International Preliminary Examining Authority in a form and manner acceptable to it. furnish a sequence listing in electronic form complying with the standard provided for in Annex C of the Administrative Instructions, and such listing was not available to the International Preliminary Examining Authority in a form and manner acceptable to it. pay the required late furnishing fee for the furnishing of a sequence listing in response to an invitation under Rules 13ter.1(a) or (b) and 13ter.2. a meaningful opinion could not be formed without the tables related to the sequence listings; the applicant did not, within the prescribed time limit, furnish such tables in electronic form complying with the technical requirements provided for in Annex C-bis of the Administrative Instructions, and such tables were not available to the International Preliminary Examining Authority in a form and manner acceptable to it.		The invention set forth in Claim 10 relates to a method for treatment of the		
 □ no international search report has been established for said claims Nos. □ a meaningful opinion could not be formed without the sequence listing; the applicant did not, within the prescribed time limit:				
 □ a meaningful opinion could not be formed without the sequence listing; the applicant did not, within the prescribed time limit: □ furnish a sequence listing on paper complying with the standard provided for in Annex C of the Administrative Instructions, and such listing was not available to the International Preliminary Examining Authority in a form and manner acceptable to it. □ furnish a sequence listing in electronic form complying with the standard provided for in Annex C of the Administrative Instructions, and such listing was not available to the International Preliminary Examining Authority in a form and manner acceptable to it. □ pay the required late furnishing fee for the furnishing of a sequence listing in response to an invitation under Rules 13ter.1(a) or (b) and 13ter.2. □ a meaningful opinion could not be formed without the tables related to the sequence listings; the applicant did not, within the prescribed time limit, furnish such tables in electronic form complying with the technical requirements provided for in Annex C-bis of the Administrative Instructions, and such tables were not available to the International Preliminary Examining Authority in a form and manner acceptable to it. □ the tables related to the nucleotide and/or amino acid sequence listing, if in electronic form only, do not comply with the technical requirements provided for in Annex C-bis of the Administrative Instructions. 	1			
 □ furnish a sequence listing on paper complying with the standard provided for in Annex C of the Administrative Instructions, and such listing was not available to the International Preliminary Examining Authority in a form and manner acceptable to it. □ furnish a sequence listing in electronic form complying with the standard provided for in Annex C of the Administrative Instructions, and such listing was not available to the International Preliminary Examining Authority in a form and manner acceptable to it. □ pay the required late furnishing fee for the furnishing of a sequence listing in response to an invitation under Rules 13ter.1(a) or (b) and 13ter.2. □ a meaningful opinion could not be formed without the tables related to the sequence listings; the applicant did not, within the prescribed time limit, furnish such tables in electronic form complying with the technical requirements provided for in Annex C-bis of the Administrative Instructions, and such tables were not available to the International Preliminary Examining Authority in a form and manner acceptable to it. □ the tables related to the nucleotide and/or amino acid sequence listing, if in electronic form only, do not comply with the technical requirements provided for in Annex C-bis of the Administrative Instructions. □ the tables related to the nucleotide and/or amino acid sequence listing, if in electronic form only, do not comply with the technical requirements provided for in Annex C-bis of the Administrative Instructions. 				
manner acceptable to it. pay the required late furnishing fee for the furnishing of a sequence listing in response to an invitation under Rules 13ter.1(a) or (b) and 13ter.2. a meaningful opinion could not be formed without the tables related to the sequence listings; the applicant did not, within the prescribed time limit, furnish such tables in electronic form complying with the technical requirements provided for in Annex C-bis of the Administrative Instructions, and such tables were not available to the International Preliminary Examining Authority in a form and manner acceptable to it. the tables related to the nucleotide and/or amino acid sequence listing, if in electronic form only, do not comply with the technical requirements provided for in Annex C-bis of the Administrative Instructions. International application No. PCT/CN2004/001188

Box No. V Reasoned statement under Article 35(2) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement			or industrial applicability;
1. Stateme	ent: Tovelty (N)	Claims 1_9 Claims	YES NO
Iı	nventive step (IS)	Claims 1-9 Claims	YES NO
Ine	dustrial applicability (IA)	Claims 1_9 Claims	YES NO

2. Citations and explanations (Rule 70.7)

The following documents have been cited herein:

Document1: Chemical Abstracts 124:170144, &Buchanan, Malcolm S et al., Phytochemistry,1996, Vol. 41, No. 3, p.821-8

Document2: Chemical Abstracts 124:312276, &Buchanan, Malcolm S et al., Phytochemistry,1996, Vol. 41, No. 1, p.173-6

Document3: Chemical Abstracts 123:250780, &Buchanan, Malcolm et al., Phytochemistry,1995, Vol. 40, No. 1, p.135-40

Document4: Chemical Abstracts 122:128214, &Hashimoto, Toshihiro et al., Chem. Pharm. Bull,1994, Vol. 42, No. 7, p.1528-30

Document 1-4 described many compounds isolated from *Daldinia* sp.. However, these compounds disclosed in above documents are different from a compound of formula (I) set foth as claim 1 of this application. Moreover, D1-4 neither teach nor suggest the compounds of the claim 1 having benzofuran lactone skeleton and the use thereof.

Thus, claim 1 is novel and not obvious from the description in those documents, meeting the criteria of novelty step set out in PCT Article 33(2) and inventive step set out in PCT Article 33(3).

In term of above, claims 2-9 meet the criteria of novelty set out in PCT Article 33(2) and inventive step set out in PCT Article 33(3).

Claims 1-9 meet the criteria of Industrial applicability set out in PCT Article 33(4).
